

22 February, 2008

Dear Endosafe user,

Important News Regarding the Supply of Endosafe® Products

It is with great pleasure that Charles River Laboratories announces the acquisition of the Endosafe® sales business from Coatech AB, of Kungsbacka, Sweden.

For many years Coatech AB has been supplying Endosafe® products to customers in Sweden, Denmark, Norway and Finland, and has become renowned for its efficiency, professionalism and customer support. Charles River Laboratories intends to continue this business principal, while at the same time bring the benefits of supply direct from the manufacturer.

With immediate effect, orders should be placed using the following email address or fax number:

Order Email: scendo@eu.crl.com

Order Fax: +33 4 74 01 65 31

A sales administration free phone number is also available for order inquires, however all orders should be placed by email or fax:

Administration Free Phone: 00800 15 78 97 43

We are also pleased to announce that Wilhelm Johnsson has joined Charles River Laboratories from Coatech AB. Wilhelm will continue to offer support to all our customers in the Nordic countries in the same way that he did while working for Coatech AB. To contact Wilhelm please use his new email address or mobile telephone number shown below:

Email: wilhelm.johnsson@crl.com

Tel: +46 (0)705 867 116

Håkan Johnsson is also joining Charles River, in a consultancy capacity. Håkan's knowledge and experience of the Nordic market is second to none, and he will prove to be a valuable addition to Charles River's Nordic team.

In line with the changes detailed above, all orders will now be shipped directly from our European logistics centre in Lyon, France. Invoices will also be sent out from this site, and payment should be made to the following bank details:

Bank: Société Générale

Bank address: Tour Société Suisse, 69443, Lyon, Cedex 03, France

Account: 30003 02280 00020401513 26

Account Name: Charles River Laboratories France

IBAN: FR76 30003 02280 00020401513 26

BIC SWIFT Address: SOGEFRPP

We trust that this important change to the way Endosafe® products are supplied within the Nordic countries will bring all benefits of direct supply while maintaining those of local service and support. Should you have any question regarding this change, please don't hesitate to contact Wilhelm or myself, and we will do our best to answer them for you.

Yours sincerely,

Alan Hoffmeister
